Foreign Adventures. One of the most anticipated senior traditions is the Europe Trip. For seniors it's a chance to experience new countries and culture, as well as immerse themselves in European history and art. **Mia Kelso**, who posed in front of art at the Louvre with classmates **Jude German** and **Jackson Stillman**, said, "My group and I did this really fun activity where we recreated famous pieces of art without getting caught by the workers." Others like **Kian Mitchell-Sutera**, **Maisy Harris**, and **Lauren Hiatt** saw famous landmarks like the Eiffel Tower. "It was cool to see all of the different artifacts and stuff, especially because some of them are thousands of years old. I liked the Eiffel tower, it was cool. It was a lot taller than I thought it was going to be," Kian said. This year's Europe trip was unique because it also included two juniors, **Emmy Zerbib** and **Charley Harrold** who hung out with **Eva Lavenhagen** and **Chris Rock**. "It was amazing! It was the best experience of my entire life. We went to most of the places I wanted to go to for a really long time, specifically Paris, London, and Milan," Charley said.

MARCH madness

"This year I followed both men's and women's college basketball since there was amazing talent on both. I have UConn repeating this year for men and Iowa winning for women," **Mario Andreev** said.

"I picked CU to win most of their match ups. Other than that I made my picks mostly by which team had the higher seed, and mixed in a few underdog picks," **Demetrius Maldonado** said.

"Usually I look mostly at seeds when making decisions but I also try to think about how much tournament experience a team has because I think that's a really important factor in succeeding in March Madness," **Ari Kozlowski** said.

for it!

EASTER traditions

Easter is a celebration that brings families together, such as **Peyton Sexton** who celebrates the holiday. "My favorite Easter tradition is when we dye eggs and we do Easter egg hunts. My favorite part is the money that we get from the egg hunt because it is a fun way to earn money without having to do much work. My family all gets together and we have fun spending time together," Peyton said.

Favorite Aspects. Students got the chance to see art that they had learned about in class. **Kenzie Estep, Kate Rock, Grace Douglas, and Marina Munir** appreciated the art they saw at the Louvre museum. "Even though the line was super long, my favorite thing to see was the Louvre. It was so cool to see famous art like the Mona Lisa, but also paintings and sculptures that we learned about in AP European History last year. The photos of them definitely don't do justice to the real thing," Grace said. **Mathew Bernardy and Dax Lee** experienced the views while posing for photos in front of several famous monuments including the Eiffel Tower.
