# You Matter!

## Tigers show support during Mental Health Week

Created and planned by Student Council, Mental Health Week was held Nov. 13-17 to focus on the struggles of student mental health and spreading awareness. "You Matter," was the quote of the week displayed on posters and stickers throughout the school.

Student Council hosted a movie night in the library featuring "Words on Bathroom Walls" during Mental Health Week. The movie depicts issues related to mental illness in a high school setting.

"The student body became closer together and got to learn different ways to cope with our mental health. Being able to make a difference and letting people know they matter is amazing."  
- Ellery Barney (9)

"I thought it was really nice that we got the kindergarteners and the community to join in and help with the wall of affirmations for the school."  
- Brayen Gaspar Caro (11)

Mesa School District 51 Superintendent Brian Hill presents GJHS with a banner during the Mental Health Week all-school assembly. A Performance School recognizes the highest level academic award in Colorado. Hill said, "I am proud of the work of the GJHS students and staff to earn the highest academic rating possible in the state of Colorado as a Performance School. This is the second year in a row that GJHS has earned the highest rating, and it is a testament to the hard work and dedication of the Tiger students and staff. This rating recognizes not only the academic performance of GJHS students, but also the amount of academic growth that GJHS students have shown. Congrats, and GJ All Day!"
