Wisdom of Women

By Abigail Edwards '26

The 2023-'24 School year marks the 20th year of the Regis Jesuit Girls Division. To celebrate this milestone, the theme for the school year was "The Wisdom of Women."

During its inaugural year, the Regis Girls Division was located off campus. Over the last 20 years, the Girls Division has evolved into what it is today. Wisdom of Women was used to celebrate contributions by women from around the world and within the RJ community. "Wisdom of Women gives me a strong sense of pride to be a part of the Girls Division, as well as a sensitivity and appreciation for all that I have learned," Ms. Meyerrose, one of the founding teachers of the Girls Division, said. "This year especially I feel very supported by the women around me."

One way Regis celebrated women was by honoring female saints each week, recognizing the contributions of Catholic women. As the school builds on tradition, Wisdom of Women recognizes the past, present, and future of Regis as a coeducational institution. The Regis Jesuit Girls Division is built on sisterhood, and the theme of Wisdom of Women reminds every student at Regis of their Raider sisters, the Raiders who came before them, and those who will attend Regis in years to come.

JORDAN BEAUMONT '25, CHLOE ADAMS '25, AND CAMILLE WOODY '25

"Sisterhood is having other girls around you and showing up for other girls when you're needed. It's being there for each other through ups and downs and making others days better in any way you can."

REBEKAH AMZA '24, MIA PERALTA '24, AND LIZ BARRIOS '24

"Sisterhood is having love and respect for the girls in your life and caring and looking out for each other. It's surrounding yourself with girls you can be yourself around."
