

You were in the top 0.0005% of studiers and spent 1,101 minutes grinding per test.

Somehow you still managed to go to your other tough classes.

- 1) IB Bio
- 2) IB HL Lit
- 3) Freshman Connections
- 4) Chemistry
- 5) HL Math
- 6) IB History
- 7) World Lang
- 8) IB Music
- 9) Civics
- 10) IB Psych

Heres how you spent your 2023-2024 school year:

August: Rodeos, Snowmass concerts, boys golf, softball and the start to the school year

September: JAS Aspen, Ex Ed, Football games, cheering on the volleyball team, boys soccer, and watching epic half time performances by the dance team

October: Homecoming, spirit week and a field day full of fun

November: Thanksgiving giving you a break, and the ski area opening

December: Plays, choir concerts, watching the swim team, and epic powder days

January: X- Games brings excitement and Basketball season brings skier pride, finals bring the semester to an end

February: Love is in the air with Valentines day especially on epic powder days and when our ski teams brings back gold

March: Art shows and the spring musical make March a month for creativity

April: Spring sports of girls golf, girls soccer, tennis, baseball and lacrosse replace the ski season, and prom has junior and seniors taking over the dance floor

May: Graduation brings our seniors to a bitter sweet end while wrapping up the school year for the rest of us

The way you wore red makes you an AHS student.

Or should we say a Skier?

One moment you're in the stand cheering for football, the next, you're in the black box singing along in your head. Some call it erratic. We call it electric.

That was fun! Same time next year?
