

Around The World

We have staff from all around the world here at Sunset. Ms. Macios, who was born in Germany, loves her Poland decent and enjoys celebrating it, especially around the holidays. Ms. Martinez is from Uruguay South America and speaks quite a few languages. One of our janitors, Mr. Hector, was born in Mexico before moving here and becoming a citizen in 2008. Ms. Arasaki also tells us about how her family is originally from Japan, as well as how her parents grew up in Peru.

Our treasured janitors may not be in the spotlight but Vi, Hector, and Jose play an important role in keeping this school running. Hector says "The reason I picked this job is that I love being around kids, and working around people." Keeping the school clean is crucial and we love and appreciate all of our janitors who work so hard to keep this school running and clean. We can't begin to express our gratitude to them and how much we truly appreciate all that they do for our school.

Moments In The Kitchen

"The hardest part of the job is preparing all the food, it takes a while and a lot off effort. But some of the dishes are fun to cook, my favorite dish to cook is the walking tacos."

Ms. Taylor,
Nutrition Services

"My favorite part of the job is the people I work with, and interacting with the students everyday. I have kids at home so I am used to kids."

Ms. Jenkins,
Nutrition Services
