

# WE KNOW WHO WE ARE

You know our students go above and beyond. Nour Idris '24 sells stickers ON WORLD HIJAB DAY. Jason Lee Jr '26 mentors ELEMENTARY STUDENTS in foster care. Kareem Ahmed '24 is testing his plane for senior projects, and Gyasi Cetshwayo '26 learned SPANISH to communicate with his animation group. You know Ethan Kim '26 is in Jazz Choir, but did you know he has perfect pitch? For Fatimah Al Shammari '25 everyday's a different club. Nyria Delph '24 got a FULL RIDE to Brown University. But IF YOU KNOW us, YOU KNOW it's not all about the grind. We know D hallway's where people be kissin', and 4th period is packed with people ready to go before the bell.

**1. READY TO WELD.** Asal Salman '25 prepares to torch through some material. Salman did repair welding for the boys volleyball team. "I enjoy the ability to create things out of a giant amount of energy and using nature to your own advantage," Salman said. PHOTO BY ABRAHAM CASTELAN GARCIA
