So much goes on in the background to allow our sports to run smoothly. Jon Shub returned to become our new athletic director, hiring coaches, scheduling events, and overseeing the program. One of the new coaches this year included Lindsay Algire who is leading the Girl's Swim team. Our student athletes put in so much work during practices and trainings so that they can do well in their games. Another addition this year is our new track and field. Not only does this make the school look better, but it gives our athletes access to a better place to play and train.

The student section is also a huge part of sports. All students come together to help cheer on our athletes. We could have gotten a touchdown in football or made a crazy shot in a basketball game, and the students are there to support each other through it all. Starting with the fall season, then winter, and then all the way to spring, it seems like sports are always occurring. Records are always being broken, and League and State titles are the end goal, but no matter what, sports keep us on our feet.
