AFTER A GOOD SEASON, GIRLS VOLLEYBALL MADE THEIR WAY TO STATE. THEY

were able to make it to quarter-finals after losing to Valor.

"It was awesome...I will never forget it," senior Sandy Hallenbaugh said.

Many other teammates agreed with Hollenbaugh.

"It was super intense with a lot of emotion, but overall a super happy experience and opportunity," senior Lily Holmes said.

All the girls were grateful for this experience.

"It is a wonderful experience and making it this far was an amazing time," freshman Riley Hake said.

Seniors will always remember the season.

"It was so much fun and an experience I'll never be able to experience AGAIN," senior Hannah Shanka said.

The team themselves worked hard together and got along well.

"I love this team," Holmes said.

FINAL YEAR

REAGAN KADEL EMBARKS ON HER LAST YEAR OF SETTING AT LEGEND

REAGAN KADEL, 12, HAS BEEN PLAYING volleyball since she was 7 years old. Ever since freshman year, she has been a part of the varsity team. Volleyball has impacted her in so many ways, "It has taught me a lot about leadership and responsibility while also setting me up for the real world," Kadel said.

WHO'S THAT?

FRESHMAN RILEY HAKE MAKES A NAME FOR HERSELF

RILEY HAKE, 9, IS THE ONLY FRESHMAN ON VARSITY volleyball. She has been playing volleyball from a young age. "I started at eight years old," Hake said. As she has grown up playing volleyball she has been affected by it a lot. "I have met so many people playing volleyball and so many friends," Hake said. "It has impacted me in so many ways but mostly positive meeting so many of my close friends through it," Hake said. Hake lived the freshman dream of playing on varsity and being able to go to state. "It was a whole new experience that I would never thought I would experience," Hake said. Hake will continue playing volleyball throughout high school hoping to play in college.
