

DISSECTION

inspection

The opportunity to learn more about biology is a valuable tradition for the freshmen. **Mrs. Thimsen** helped students like **Trevor Chichirico** learn about the anatomy of a pig and other science facts through the pig dissection. The dissection is a highlight for students like **Aidan Wong** and **Nyah Bieser**. "I think it was educational because we got to learn from a real organism about human anatomy," Nyah said. **Maya Nayberg** and **Abby Renner** worked together on the pig dissection. "We were able to see the inner workings of a pig, which was very similar to that of a human," Abby said. The pig dissection was a gross and goopy, yet a beneficial experience for the ninth graders.

got a CLUE?

Whodunnit? The Drama Club produces a scary Halloween play based on the board game *Clue*. **Adonis Maldonado**, **Aiden Hohnstein**, **Sophie Kent**, **Trevor Nichols**, and **Bentley Nielson** put on a great show full of murder and

TRICK or TREAT

A Spooky Event. Many clubs set up booths to give kids a fun night of games and treats. One of the main booths of the event was the Student Library Advisory Board, where **Valera Noland** helped with the activity. "My favorite club to work was SLAB with the bean bag toss. I ended up sitting behind it and encouraged the kids as they threw the bean bags," Valera said. **Soren Thorsten** also worked in the SLAB room. "It was fun and it's important to give the little kids happiness," Soren said. Another booth who helped create the amazing night was National Honor Society. NHS made a mini golf course for the elementary students. **Sean Beasley** was happy to help with this activity. "I got to see some really talented kids get a hole in two on a hard course. The importance of this activity was to help kids have fun, and about giving younger people a good Halloween experience," Sean said. Trick or Treat Street was a success for all who participated in the spooky event.

Many enthusiastic young actors were in the show, *Clue*, including **Sophie Ewalt**. "Theater is my favorite thing in the world," Sophie said. **AJ Jett** was excited for this play because they had some influence on the choice. "I was actually the one that suggested *Clue* last year. It was a play I have always wanted to do and being a big part of Drama Club since seventh grade, it was a very big deal for me to be able to do it my senior year," AJ said.
