

Mrs. Mirsada cleans the tables between lunches as she prepares for the next crowd.

The best custodial team in the district. Not pictured - Connie Malacara

Ms. Besima can be seen throughout the halls taking care of Vista.

KEEPING THE PACK RUNNING

When asked, "What do our custodians do?" the majority of our students said, "They clean our school." However, they do so much more than that. Our custodians do indeed clean, however they also set up the majority of the events at our school. These events include back to school night, the Power Zone BBQ, parent nights, and sporting events. Also, our main custodian Mrs. Mirsada Dzanic is the building manager, not just a custodian. She has to make sure she takes care of all the custodians and has

to order all of the supplies needed for them as well. Mrs. Mirsada was here for the opening of Vista Ridge High school in 2008-2009 and has stuck around all 16 years. She moved from Odyssey to Vista Ridge High school. Some other tasks the team does is helping student council with events such as Homecoming, clearing off the snow around the school, cleaning every classroom. They also spend the student breaks doing building maintenance. So, before thinking all our custodians do is just clean look a little bit further.

STUDENTS NOTICE

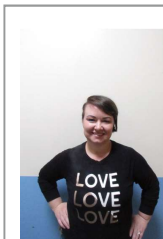

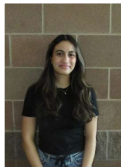

Mya Warner, 10
"I think they clean our classrooms and bathrooms, as well as after lunch."

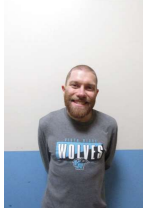

Abigail Morgan, 12
"I think they clean up my mess up when I'm too lazy to do it myself, they also do electrical work."

Anisa Valehi, 10
"I think our janitors, clean and do everything. They do a lot in that genre and they help student council."

Mirsada Dzanic
Building Manager
"I take care of my seven employees, and I'm in charge of all orders. I opened this building and stuck around for this long, since 2008. I like the students and my team members."

Jeremy Dreher
Custodian
"We do a crazy amount of setups every night for games or big events. We are the ones in charge of setup and cleaning everything."

GIRLS SOCCER PRESEASON

Vista's girl soccer program has been putting in hard work in the off season. Girls have been playing indoor soccer as a team and also doing cardio and training by themselves. **Yulian Jackson, 12**, said, "I think our program will be stronger this year because we started preseason work a lot earlier, so we will be ready to jump right into the season."

Photo Credit Coach Brian

For the girls soccer program they focus a lot on the metal part of the game. **Sadie Sierer, 11**, said, "It's important to keep a positive mentality while playing." The girls always support each other and try to keep positive thoughts during games.

HOW ARE YOU PREPARING IN THE OFF SEASON?

"In the off season I have been running, training in the weight room, and getting touches on the ball."

- **Addison Vrana, 11**

"During the off season I have been doing personal training and indoor soccer."

- **Sydney Gunderson, 9**

"For the off season, I have been lifting, doing cardio, and practicing with the ball."

- **Breanna Rapplean, 12**
