

IF YOU KNOW, YOU KNOW

No one else can say our name like us, carry our pride like us. Because **IF YOU KNOW** us, **YOU KNOW** what it means to win. Just take the gymnastics team for example; **Maya Richman '24** came back from a torn ACL and her determination helped win the team second place at state. **WE KNOW** what a win feels like in the classroom too. Look at **Rohan Reddy '24** earning a five on most of his AP tests. Yeah that's right, even AP Calculus BC. **KNOW** the whisper wall by the IST? That's where the Robotics team crafted their plan for the championship victory. Our campus may be small, but if you go here, **YOU KNOW** that nothing is simple. We average ten new students a week, and it doesn't take them long to **KNOW** there's no better place than **O-TOWN**.

1. WITH HER PHONE UP HIGH, Katelyn Glavan '25 beams at the wish week assembly. Glavan helped to rile up the junior section as a stuco member. "I feel accomplished we helped Neymar get his wish, he is such an amazing kid," Glavan said. PHOTO BY SABIRIN JAMA

2. IN THE AFTERMATH OF A TOSS, Gaige Butler '23 looks into the crowd after throwing a toss to the opposing team. Butler was proud of his performance during the game. "The tension was crazy, everyone was yelling at each other, but my team definitely should have won."

Butler said. PHOTO BY ABRAHAM CASTELAN GARCIA **3. LOCKING IN**, Fatimah Al Shammari '24 focus on her case at a speech and debate tournament. Al Shammari used her speaking skills gained from speech and debate to help her start Model UN. "It was pretty hard researching and trying to start a club. I was really interested in geopolitics and international affairs and justice," Al Shammari said. PHOTO BY SABIRIN JAMA **4.**

"I love O-Town, it's our spirit bus with the Step team. Abdullah Gaston joined Step to break out of her comfort zone. "Most of my opportunities with the school are because of Step," Abdullah Gaston said. PHOTO BY MOISES CASTELAN GARCIA
